

REYNAN GONZALES

IT Support | Junior Software Developer

General Mariano Alvarez, Cavite | (+63) 927 560 8849 | reynangonzales0923@gmail.com | reynangonzales.github.io/Portfolio

PROFESSIONAL SUMMARY

IT graduate with hands-on experience in software development, database management, and technical IT support in a manufacturing environment. Independently built and deployed multiple live web applications using PHP, MySQL, and third-party APIs. Skilled in cross-department collaboration, production support, hardware troubleshooting, and network maintenance.

WORK EXPERIENCE

MIS Staff

Katolec Philippines Inc. | Binan, Laguna

February 2024 – February 2025

- Developed and maintained internal web applications and programs, including bug fixes and enhancements using HTML, CSS, JavaScript, and PHP.
- Managed and queried databases using MySQL and SQL Server to support data accuracy and reporting.
- Collaborated with Production, Admin, and Accounting departments to gather requirements and deliver custom software solutions.
- Built a Web CAR Management System to streamline cross-department corrective action reporting and reduce protocol violations.
- Managed and maintained CCTV and security-related systems, ensuring reliable surveillance coverage across the facility.
- Monitored production lines and performed on-the-spot troubleshooting in time-sensitive manufacturing areas, using system-based tools to minimize downtime and maintain productivity.

TECHNICAL SKILLS

Languages: Java, C++, Visual Basic, PHP, AutoHotkey

Web Development: HTML, CSS, JavaScript, PHP

Databases: MySQL, SQL, SQL Server

APIs & Tools: Claude AI API, Stripe, PayMongo, Firebase, Microsoft Office

IT Support: LAN Setup & Cabling, Hardware Troubleshooting, Network Configuration, Printer Maintenance

SOFT SKILLS

Communication | Problem-Solving | Cross-Department Collaboration | Adaptability | Attention to Detail | Time Management | Critical Thinking | Documentation

PROJECTS

CostPilot | *costpilot.page.gd* | Live | 2026

- Filipino business cost and recipe management app with inventory tracking, recipe costing, sales logging, and AI-powered receipt scanning via Claude AI API.
- Built with PHP, MySQL, JavaScript, HTML, CSS, and PayMongo.

EasyPlay | *easyplay.gamer.gd* | Live | 2026

- Subscription and payment platform for Cabal Online macro users with automated plan selection, payment, access management, and an admin dashboard.
- Built with PHP, MySQL, JavaScript, HTML, CSS, Stripe, and PayMongo.

EasyPlay Macro | 2021 – 2026

- AutoHotkey automation macro for Cabal Online; grew into a paid product maintained over several years with an active user base.

Web CAR Management System | 2024 – MIS Work

- Internal web-based Corrective Action Report system that streamlined cross-department compliance reporting. Built with PHP, MySQL, HTML, CSS, and JavaScript.

Visitor Management Program / 2024 – MIS Work

- Desktop app for logging visitor details, purpose of visit, and check-in/check-out times. Built with VB.NET, SQL Server, and Windows Forms.

Enrollment Management System / 2022

- Full-stack web app for student enrollment, records, and subject registration. Built with PHP, MySQL, HTML, CSS, and JavaScript.

Breast Cancer Awareness App / 2021 – Thesis

- Android app with in-app chat, educational content, and awareness tools. Built with Android (Java) and Firebase.

EDUCATION

Bachelor of Science in Information Technology

Cavite State University – Carmona / Carmona, Cavite

2016 – 2021
